NATIONAL CIVIL DEFENSE WEEK

This is National Civil Defense Week. . . a time for evaluating our present, emergency and national state of emergency preparedness.

It is a time to ask questions. What would you do if a flood, drought or hurricane struck this community? What would you do if a major disaster struck this community? What would you do if a major disaster struck this community?

A Message Regarding Your Hill-Burton Hospital

We, the elected officials of Hancock County, are offering our people a much needed hospital. It will cost the people a bond issue of \$175,000. The Federal government will give us \$300,000.

To retire this bond issue of \$175,000 will require 3 additional mills. For example: if your assessment is \$600, it will cost you \$1.50 taxes a year to pay for a new 30 bed Hill-Burton hospital. The operation of this hospital will not cost you any additional taxes. We will have facilities for the colored people in the Hill-Burton hospital as have our neighboring cities of Gulfport, Wiggins and Picayune.

Don't be misled by wild rumors. We are offering you a new 30 bed Hill-Burton hospital for \$175,000. We consider this a golden opportunity which many counties in our state are trying to get.

If the Hill-Burton hospital is defeated, and at a later date we decide to build a County hospital of the same size, it will cost you three times as much, or \$450,000 which will require about 9 additional mills. For example: if your assessment is \$600, your tax increase will be \$4.50 per year to pay for a new 30 bed County hospital. The colored people will have facilities in a County hospital just as they will in the Hill-Burton.

We feel very fortunate in having the opportunity to offer you a \$175,000 hospital which will only cost you \$175,000. On September 28, we ask you to go to the polls to vote FOR a Hill-Burton hospital.

Facts About The Proposed New Hill-Burton Hospital

➤ WHAT IS A HILL-BURTON HOSPITAL ?

It is one whose initial cost is shared by the Federal government (2/3) and the local government (1/3) in accordance with a bill initiated by Senator Lister Hill of Alabama and Senator Burton.

➤ WHO OWNS THIS TYPE OF HOSPITAL ?

When the building is completed and equipped the county owns it.

➤ WHO WILL OPERATE THIS HOSPITAL ?

The county of Hancock through its Board of Supervisors will own and operate this hospital. They will be licensed by the Mississippi Hospital Care Commission.

➤ HOW MUCH WILL COST TO BUILD THE HOSPITAL ?

It will cost Hancock County \$175,000 to build this proposed \$475,000 (approximately) hospital. Hancock County will pay 1/3 of the cost and the Federal Government will pay 2/3 of the cost. The Federal money is now available and will come as a grant-in-aid under the Hill-Burton Act --- very similar to our Federal aid roads and highways.

➤ DOES HANCOCK COUNTY NEED A HOSPITAL ? IF SO WHY IS A HILL-BURTON HOSPITAL PROPOSED ?

Hancock County desperately needs adequate hospital facilities --- this no one will deny. We need a minimum of 30 beds. A 30 bed hospital costs between \$450,000 and \$500,000. "Hill-Burton" puts this size hospital within our reach for a cost of \$175,000.

➤ WHAT DOCTORS USE THE HOSPITAL ?

Your local doctors. When necessary they may call specialists to come and consult and operate as needed. Many specialists in Gulfport and New Orleans have already informed local doctors they will be available when needed and when proper facilities are provided.

➤ WHAT FACILITIES WILL BE AVAILABLE ?

The proposed hospital will have private and semi-private rooms air conditioned throughout. There will be adequate operating room, delivery room, emergency room, blood-banking, laboratory and x-ray facilities. There will be separate waiting rooms, nursery rooms, etc. for colored patients.

➤ WILL NEGRO PATIENTS BE CARED FOR ?

Yes, there will be separate areas in the hospital designated for the colored.

➤ WILL CHARITY PATIENTS BE CARED FOR ?

No resident of Hancock County will be denied treatment because of lack of funds. The state will assist the hospital (\$6.00 per day) in the care of indigent patients. However, those who are able to pay will be expected to do so just as in any other hospital.

➤ WILL THIS HOSPITAL INCREASE MY TAXES ?

The official word from the Board of Supervisors is that there will be a 3 mill increase in ad-valorem taxes. This means .30¢/\$100 or \$3.00/\$1000 of assessed valuation per year. The average person in Hancock County can expect an increase of from \$1.00 to \$6.00 per year. The tax is temporary and will be removed as soon as the \$175,000 bond issue is paid off.

➤ HOW MUCH WILL IT COST TO OPERATE THIS HOSPITAL ?

The expected annual deficit will be less than \$15,000 dollars --- just about what the county is spending now for medical care for indigent patients and other similar expenses. However, the county is prepared to meet a \$30,000 deficit. A close study of other Hill-Burton hospitals throughout the state of Mississippi gives us the above figures.

➤ HOW CAN I HELP TO ASSURE THE HOSPITAL FOR HANCOCK COUNTY ?

Go to the polls on September 28 and vote FOR the proposal.
